Amendments to Claims

1. (Amended) A composition comprising a fiber which comprises or has coated thereon a thin film wherein said thin film ~~comprises or is produced from a~~ at least one fluorocarbon silane ~~or in an emulsion, said emulsion comprises or is produced from~~ being the product of combining (1) a at least one fluorocarbon silane or its hydrolyzate, (2) water, (3) a catalyst, ~~and (3)~~ (4) optionally a surfactant, and (5) optionally an alkoxy silane compound, ~~a catalyst, or combinations of two or more thereof~~; said at least one fluorocarbon silane has the formula $R_f-(CH_2)_p-Si\{-(O-CH_2CH_2)_n-OR^1\}_3$; R_f is a C_3 - 18 perfluoroalkyl group ~~or combinations of two or more thereof~~; each R^1 is independently one or more C_{1-3} alkyl groups; p is 2 to 4; and n is 2 to 10.
2. (Amended) The composition of claim 1 wherein said thin film ~~further comprises, or is~~ further produced from, a copolycondensate of said fluorocarbon silane and an alkoxy silane.
3. (Original) The composition of claim 1 wherein said thin film has a thickness of less than 1,000 nm.
4. (Original) The composition of claim 2 wherein said thin film has a thickness of less than 1,000 nm.
5. (Original) The composition of claim 1 wherein said fiber is an aromatic polyamide fiber, an aromatic polyester fiber, a heterocyclic aromatic fiber, or combinations of two or more thereof.
6. (Original) The composition of claim 2 wherein said fiber is an aromatic polyamide fiber, an aromatic polyester fiber, a heterocyclic aromatic fiber, or combinations of two or more thereof.
7. (Original) The composition of claim 3 wherein said fiber is an aromatic polyamide fiber, an aromatic polyester fiber, a heterocyclic aromatic fiber, or combinations of two or more thereof.
8. (Original) The composition of claim 4 wherein said fiber is an aromatic polyamide fiber, an aromatic polyester fiber, a heterocyclic aromatic fiber, or combinations of two or more thereof.
9. (Original) The composition of claim 5 wherein said fiber is a p-phenylene terephthalamide fiber.

10. (Original) The composition of claim 6 wherein said fiber is a p-phenylene terephthalamide fiber.
11. (Original) The composition of claim 7 wherein said fiber is a p-phenylene terephthalamide fiber.
12. (Original) The composition of claim 8 wherein said fiber is a p-phenylene terephthalamide fiber.
13. (Amended) A textile product comprising ~~or produced from~~ a fiber having coated thereon an emulsion, which ~~comprises or is produced from~~ is the product of combining (1) a fluorocarbon silane or its hydrolyzate, (2) water, and (3) a catalyst, (4) optionally a surfactant, and (5) optionally an alkoxysilane compound, a catalyst, or combinations of two or more thereof.
14. (Original) The product of claim 13 wherein said product is a woven product, a knit product, a nonwoven fabric, or combinations of two or more thereof.
15. (Original) The product of claim 14 wherein said product is a woven fabric for protective clothing.
16. (Original) The product of claim 14 wherein said product is a firefighting apparel.
17. (Original) The product of claim 14 wherein said product is a glove.
